Practical Life Through the Ages, Part One – Early Childhood: The Drive Toward Physical Autonomy

<https://amshq.org/Blog/2023-10-23-Practical-Life-Through-the-Ages-Part-One-Early-Childhood>

2 Volunteer Hours

1. What are some examples of Practical Life Exercises that you have observed your child doing or asking to do around your home?

2. What is the importance of steps within Practical Life Exercises to prepare for later academics?

3. True or False. Circle One.

Practical Life exercises have no impact on fine motor skills.

True False

4. What is the purpose of using glass or ceramic containers in Montessori Education rather than plastic or other more forgiving materials?

5. Please list 4 examples of Grace and Courtesy.

1. _____
2. _____
3. _____
4. _____

What is the goal of children using forms of Grace and Courtesy?

6. Please fill in the blanks.

Whether authentic or modified, the value of the Practical Life exercises in promoting the essential foundations of _____, concentration, coordination, _____, and also cooperation, make them a defining element of Montessori education as _____ for academics, social interactions, and life.
